PROFESSIONAL SUMMARY

UX/UI Lead with 8+ years of experience designing SaaS products, enterprise platforms, and scalable design systems. Specializes in turning complex requirements into intuitive user experiences through research, interaction design, and cross-functional collaboration. Experienced leading end-to-end product design across workforce development, fintech, and e-commerce while using AI to streamline workflows, improve handoff, and accelerate delivery.

SKILLS & TOOLS

DESIGN

Visual Design · User Research & Testing · Usability Testing · A/B Testing · Wireframes & Prototypes · Design Systems · Customer Journey · UX/UI/ Product Design

ACCESSIBILITY

WCAG 2.2 · Accessible UX Patterns

WEB TECHNOLOGIES

HTML · SaaS · Fintech · E-commerce · Shopify · Magento · Adobe Experience Manager

DESIGN TOOLS

Figma · Adobe Illustrator · Adobe Photoshop · Auto Layout · Design Tokens · Component Libraries

RESEARCH & COLLABORATION

Data Analysis · User Interviews · Journey Mapping · Agile / Scrum · Miro · Maze

AI & EMERGING

Claude · Voiceflow · Uizard · Prompt Engineering · GenAI Tools · Conversational AI

PROFESSIONAL EXPERIENCE

BuildWithin

2025 – Present

Senior Product Designer · Remote

Designing AI-native enterprise experiences for government workforce development, translating complex multi-role workflows into intuitive, scalable products powered by conversational AI and robust design systems.

- › Led visual design and UX for a workforce-development platform connecting learning, training, and employment systems, delivering end-to-end user flows for program creation, eligibility, applicant, and case-manager journeys.
- › Collaborated with product, engineering, and AI teams to translate business requirements into scalable, user-centered solutions; drove creation of a unified design system with design tokens and component libraries for multi-role environments.
- › Leveraged AI-assisted design workflows and tools such as Claude to produce detailed specifications, structured prompts, and developer-ready documentation, accelerating development and increasing frontend design fidelity.

Altafid

Jun 2022 – Sep 2024

Lead Senior Product Designer · Hybrid

Led end-to-end design of a SaaS platform for financial advisors and investors, from user research and requirement gathering to prototyping and testing. Developed and maintained the company's Design System. Directed the complete Customer Journey integrating UX with marketing, sales, and customer success.

- › Managed the full design process of the SaaS platform, user research, requirements, interactive Figma prototypes, and testing to increase user engagement and satisfaction.
- › Developed and maintained the company's Design System, ensuring consistency and scalability, streamlining design handoffs and reducing production time.
- › Directed the complete Customer Journey by integrating UX with marketing, sales, and customer success, contributing to improved client retention.

- › Collaborated with cross-functional global teams, promoting UX best practices and mentoring junior designers.

Tekpro

May 2019 – Jun 2022

UX/UI Senior Designer · Chile

Designed user-centered e-commerce websites optimized for conversion and performance. Managed and maintained Magento platforms. Created user flows, prototypes, and visual assets in collaboration with marketing and development teams.

- › Designed e-commerce websites optimized for conversion and performance, improving user engagement and sales.
- › Managed and maintained Magento platforms, ensuring continuous improvements to site reliability and user satisfaction.
- › Created user flows, prototypes, and visual assets to enhance customer experience and brand consistency.

Alba Studio

Dec 2018 – Apr 2019

Graphic Designer · Chile

Developed complete brand identities, from logos and color palettes to brand manuals. Designed and produced visual assets for print and digital campaigns, websites, packaging, and social media.

- › Developed complete brand identities improving brand recognition and consistency for clients.
- › Designed visual assets for print and digital campaigns, packaging, corporate stationery, and social media.
- › Delivered creative solutions for multiple clients under tight deadlines.

CETIUC

Jun 2018 – Sep 2018

UX/UI Designer · Chile

Led the complete redesign of the institutional website including information architecture, wireframes, and final UI. Defined and updated the digital brand identity.

- › Led the website redesign in Figma, restructured information architecture, created wireframes, and delivered final UI designs.
- › Defined and updated the digital brand identity with a comprehensive brand manual and updated corporate materials.
- › Ensured consistent and professional communication through carefully crafted presentations and visual collateral.
