Tools & Software: Figma, Adobe Illustrator, Adobe Photoshop, Confluence, SharePoint, Power BI, Microsoft Office Suite

Methodologies: Agile, Scrum, Accessibility (WCAG)

Technical & Platforms: HTML, SaaS, Fintech, E-commerce, Shopify, Magento

PROFESSIONAL EXPERIENCE

BuildWithin	2025 – Present
<i>UX/UI Lead Senior Designer</i>	<i>Remote</i>
- Leading UX/UI design across a complex workforce development platform connecting learning, training, and employment systems; developed user personas, journey maps, and experience blueprints for end-to-end flows from program creation to applicant and case manager journeys. - Collaborate with product, engineering, and AI teams to translate business requirements into scalable, user-centered solutions using Figma; drive design systems, interaction patterns, and data-driven interfaces for multi-role environments (Program Managers, Case Managers, Candidates, Employers). - Leverage AI tools such as Claude to bridge design and frontend implementation — creating detailed specifications, structured prompts, and dev-ready documentation that accelerate development workflows.	

Altafid

Jun 2022 – Present

UX/UI Lead Senior Designer

Remote

- Led end-to-end design of a SaaS platform for financial advisors and investors, from user research and requirement gathering to prototyping and testing.
- Developed and maintained the company's Design System, ensuring consistency and scalability across the product.
- Directed the complete Customer Journey integrating UX with marketing, sales, and customer success, resulting in a 20% increase in client retention.
- Collaborated with cross-functional global teams, promoted UX best practices, and mentored junior designers.
- Developed detailed user personas, journey maps, and experience blueprints for internal platforms to align with employee workflows and reduce pain points.

Tekpro

May 2019 – Jun 2022

UX/UI Senior Designer

Chile

- Designed user-centered e-commerce websites optimized for conversion and performance, resulting in improved user engagement and increased sales.
- Managed and maintained Magento platforms, ensuring continuous improvements that enhanced site reliability and user satisfaction.
- Created user flows, prototypes, and visual assets in close collaboration with marketing and development teams, leading to a more cohesive brand presence and improved customer retention.

Alba Studio

Dec 2018 – Apr 2019

Graphic Designer

Chile

- Developed complete brand identities — logos, color palettes, and brand manuals — improving brand recognition for multiple clients.
- Designed visual assets for print and digital campaigns, websites, packaging, and social media.
- Delivered creative solutions under tight deadlines, achieving consistent client satisfaction.

CETIUC

Jun 2018 – Sep 2018

UX/UI Designer

Chile

- Led the complete redesign of the institutional website, restructuring information architecture and delivering wireframes and final UI designs.
- Defined and updated the digital brand identity including a comprehensive brand manual and corporate materials.
